

Coach Trip to Litchfield Cathedral & Town on Saturday 18th August 2012

Litchfield Cathedral

Just seventeen miles north of Birmingham, Lichfield lies at the heart of England. 1300 years ago it stood at the centre of the Kingdom of Mercia. When Chad was made Bishop of Mercia in 669 he moved his See from Repton to Lichfield, which may already have been a holy site since there is a legend that Christians were martyred there under the Roman Emperor Diocletian. When Chad died in 672 pilgrims began to come to his shrine, and in 700, Bishop Hedda built a new church to house his bones. Starting in 1085 and continuing through the twelfth century this Saxon church was replaced by a Norman Cathedral.

The Work of the Cambridgeshire Historic Churches Trust

The Trust's main aim is to provide financial assistance to the parishes of Cambridgeshire when they undertake repair projects affecting the fabric, fixtures, fittings, furniture and ornaments of their historic churches and chapels.

To this end the Trust has a policy of making grants and interest free loans from its funds to allow repair work to be undertaken without delay and to provide quite often a much needed cash-flow for large scale projects.

The Trust's main fundraising event is the Annual 'Ride or Stride'. This year it takes place on Saturday 10th September 2011. In 2010, we raised £25,478 & the continuing success of this event is absolutely crucial to the amount of funds we have available to help your Church and the many other glorious historic churches of Cambridgeshire. So please do encourage your church and your fellow parishioners to take part.

Whilst every effort is made to avoid changes in the programme, published details may be altered without notice at any time. The Cambridgeshire Historic Churches Trust reserves the right to withdraw or amend any part of this programme without prior notice. As far as practically possible the latest programme can always be found on the Trust's website - www.cambshistoricchurchestrust.co.uk
