22 Church Lane, Pampisford, Cambridge CB22 3ET

General Enquires: **Webmaster@rheesearch.org.uk**

We are a small group which, over the last 10 years, has been successful in attracting grants from the Lottery Fund to finance our geophysical surveys in the Cambridgeshire area. Our main interest is in the geophysical survey of sites in South Cambridgeshire. We have ground resistance and magnetometry equipment together with the associated surveying tools. We try to be out every Sunday throughout the year. We welcome new members to come along and see what we achieve and to join in! We also welcome inquiries on new sites to investigate.

A membership fee of £60 per year covers insurance and travel.

For more details please log on to our website.
