It not only offers a friendly point of contact for people world-wide who are interested in the same names and families, but also provides a wide range of facilities to support their researches into genealogy and the local area.

The Society was founded in 1976 and now has well over 1,600 members, mainly in the UK but also in Australia, New Zealand, Canada and the USA.

Membership is open to anyone with an interest in family history. Members are entitled to participate in any of the Society's activities and they receive a free quarterly journal, together with a Members' Interests Directory which is updated at intervals.
