Society Information, including aims, where you meet and membership details

Chesterton was home to the company W. G. Pye which developed radio in the 1920 and produces wireless set. Then black & white TV. All that is gone. Enquire about the village walk on which I show photos of what was there.

The group aims to promote an interest in local history by talks. Also the collection of photos and the recording of memories. The group is using CCAN to further this aim.

Meetings are held in St Andrew's Hall, St Andrew's Road, Chesterton, Cambridge, CB4 1DH, on the third Tuesday in the month at 2.30 p.m.
