 21 Bermuda Terrace, Cambridge, CB4 3LD

The Friends group was formed to care for and promote interest in this historic Cambridge non-conformist Cemetery. Designed by J C Loudon and opened in 1843 it is the best existing example of his Cemetery design. It is now grade II* listed.

Volunteers work regularly in the Cemetery and members receive three Newsletters per year reporting on progress and containing articles about notable individuals and families buried there. Annual Subscription £5

The group has the most detailed records of burials and inscriptions. We are happy to advise and assist in identifying and locating those interred in the Cemetery. Please contact the Chairman.

For membership, to volunteer or for general enquiries please contact the Secretary.
