by Colonel F R Noble RE, Commander, Waterbeach Station

2:00pm *Remember!* school art exhibition - Walk to Waterbeach Barracks Museum for tea

In association with the Farmland Museum & Denny Abbey

Conflict & Community: the lasting legacy of Waterbeach Barracks

led by The Farmland Museum & Denny Abbey
in partnership with Waterbeach Barracks Museum

Year 5 and 6 pupils at Waterbeach Primary School have written and designed this exhibition. It is based on the experiences they have had as part of this project. They have visited the barracks and the two museums; interviewed soldiers and airmen both former and current; worked with an artist to produce commemorative artworks; worked with a museum professional to design the exhibition; and much more in between. A documentary film about this project is also being created by students from Cottenham Village College working with a filmmaker.

We hope you enjoy our exhibition and would like to join us for tea and reminiscing at Waterbeach Barracks Museum following the launch. It is a 5 minute walk from school to the barracks but transport will be provided for those that do not wish to walk.
