

CAMBRIDGESHIRE LOCAL HISTORY AWARDS 2006

Dedication & Service to Local History in Cambridgeshire Awards for 2006:

Awarded for the first time, these awards are for people who have made a significant contribution to the study and accumulation of knowledge of the history of Cambridgeshire over the years. There were six excellent and very worthy recipients in this first year; they all in their own way have moved our knowledge of Cambridgeshire on over many years. Mike Petty introduced them all, giving a short description of each ones contribution, they in turn entertained us with their amazing stories and often brilliant sense of humour; each finalist received a signed framed certificate and life membership to the Association. Again these are not given in any specific order.

Mrs Irene Cranwell
