<i>Add-information:</i>	<p>Rex Sly - Fenland Historian & Author</p> <p>I was born in the Fens the son of a farmer whose lineage in farming here goes back to the 17th century. At the age of 60, when most people are contemplate retiring I decided to venture on a part time career change, writing. I am still very involved in farming with my son and when harvest and autumn cultivations finish, I have time to research and write in the winter months. That is until the spring arrives and the farming cycle starts once again. The fens are my birthplace, my workplace, my playground and like my ancestors will be my burial ground. It is this ingrained passion for the fens passed down from my forebears which drives me to unravel its history and its people.</p>
